

# Aging Workforce Assistance

It's a fact: More employees are working into older ages.

At Benefit Commerce Group, we are getting more questions about Medicare, turning 65, health plans and HSAs for age 65+, etc. We listen to your needs and we've responded.

## Now a part of our Client Services!

Medicare and Social Security are complex programs, with many rules that vary based on your own particular situation. While there are general guidelines, it is often difficult to know if you have the right answer when you are working through these issues on your own.

That's why Benefit Commerce Group is providing you the resources and support that you, your employees and their families need.
