## **ABOUT Benefit Commerce Group**

Benefit Commerce Group is an innovative and award-winning employee benefits consulting firm that is changing the health care cost paradigm, one company at a time. We provide employers with sustainable strategies to lower health plan costs first-year and long-term. Benefit Commerce is a “game-changer” for companies striving to control one of their highest expense items: employee benefits costs. We are not your typical benefits firm, and we are not offering typical cost-shifting techniques. Our strategies yield real savings for both employer and employee and also integrate meaningful consumer-focused employee health and wellness programs. Our technology enhancements also set us apart, as we offer methods to streamline HR functions from enrollment through ongoing employee communication and administration. Through our proven programs, Benefit Commerce Group has helped our clients receive recognition from the Phoenix Business Journal’s “Healthiest Employers” program, the Wellness Council of Arizona and The Institute for HealthCare Consumerism, a national organization. Clients have received over 100 awards in the past three years. The company conducts an annual Arizona Employee Benefits Benchmarking survey for mid-size employers across the state. The success of our strategies is illustrated by our Inc. 5000 listing for two years in a row among the fastest-growing private companies in America. Principals of the firm include Scott Wood, Johnny Angelone and Chris Hogan.
