Benefit Commerce Group Named to Exclusive Inc. 5000 List for 4th Year in a Row

Only 1 in 6 companies has made the list 4 times

Scottsdale, AZ, August 15, 2018 – Benefit Commerce Group, a Scottsdale-based innovative employee benefits consulting firm, has been named to the 2018 Inc. 5000 list of fastest-growing private companies in America. The firm first achieved this honor in 2015.

"This achievement puts you in rarefied company," said Inc. Magazine's Editor in Chief, James Ledbetter, in his letter announcing the ranking.

Inc. Media notes that of the tens of thousands of companies that have applied, only one in 6 has made this prestigious list four times. The 2018 ranking is based on the firm's growth in revenue from 2014 to 2017.

Only 120 companies in Arizona made the Inc. 5000 list this year, and Benefit Commerce Group was the only listed firm in the insurance sector.

The list represents a unique look at the most successful companies within the American economy's most dynamic segment — its independent small and mid-sized businesses. Companies such as Microsoft, Timberland, Vizio, Intuit, Chobani, Oracle, and Zappos.com, and many other well-known names gained their first national exposure as honorees of the Inc. 5000.

"We are honored that our team has achieved ranking on this very competitive listing for our fourth year in a row," said Scott Wood, Principal and CEO of Benefit Commerce Group. "We are passionate about innovation and bringing effective new employee benefit programs to our clients. This honor is a testament to the success we have brought to our clients, as we continue to change the health care cost paradigm, one company at a time, and as we make life easier and better for HR teams."
